Office Memorandum • UNITED STATES GOVERNMENT

TO :

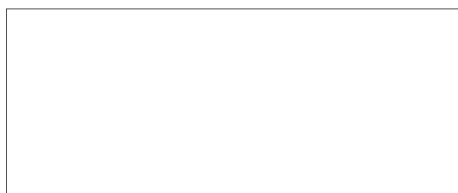

FROM : Chief, R&D Laboratory

SUBJECT: Commendation for Work on CV-1 Converter

DATE: 24 January 1956 25X1

1. The development of the CV-1 Transistorized Converter has brought praise from many sources both in Engineering and Operations. The novelty and ingenuity shown in the development of the CV-1 features is commendable.

2. It is the purpose of this memorandum to commend 25X1
 for the unique packaging of the unit and also to commend 25X1
 for the development of the novel transistor circuitry. 25X1
